☎ 0257492161

📍 Accra, Ghana

PROFILE

Motivated Information Technology student with hands-on experience in graphic design, motion graphics, and front-end development. Proficient in HTML, CSS, JavaScript, TypeScript, React, and Tailwind CSS for building responsive, user focused web applications. Passionate about developing practical digital solutions and strengthening technical skills through real world projects

PROFESSIONAL EXPERIENCE

Data Intern

Tema Oil Refinery

08/2023 – 11/2023 | Tema, Ghana

As a Data Intern, I supported the team by organizing, cleaning, and analyzing operational data. I used Excel extensively for data manipulation and reporting, gaining hands-on experience with data workflows and improving my accuracy and attention to detail.
